Vaisnava Calendar 2012-2013

Sri Gaurabda 526

Under guidance of
Tridandisvami
Sri Srimad Bhaktivedanta Narayana Gosvami Maharaja

Dear Devotees,

The 2012-13 Vaisnava Calendar (Panjika) has been made in accordance with the rules for making exact solar and lunar calculations, as delineated in Hari-bhaktivilasa by Sri Sanatana Gosvami and as followed by Sri Srimad Bhaktivedanta Narayana Gosvami Maharaja in the various locations he visits during his worldwide preaching.

BREAK FAST TIMES: As in last year's calendar, the parana (exact times within which to break a fast) is listed according to location. You will note that these times vary considerably. This is due to a location's latitude, longitude, and time of sunrise.

Such times are marked by the words Break fast times. For example, Amsterdam (6:53-10:51) informs a person in Amsterdam to break his fast between 6.53am and 10.51am.

DAYLIGHT SAVINGS TIME: Daylight Savings Time (DST) not considered: This means that the exact break fast and eclipse times given herein do not take Daylight Savings Time into account. The respected reader is therefore advised to add the DST difference for the local time-zone (usually one hour) when DST is in effect (during summer months). For example, 9:01 am becomes 10:01 am. When DST is not in effect, simply observe the local break fast or eclipse times as listed.

This booklet is an excerpt (41 cities) from the Vaisnava calendar presented on www.purebhakti.com/calendar, which is available for over 460 cities. If your city is not mentioned in this booklet, or, if your city is mentioned but you would like to print out a calendar that pertains only to one location, Please check the website for exact dates and times.

The 41 cities presented in this booklet are as follows:

Alachua, Amsterdam, Auckland, Bangalore, Belfast, Berlin, Birmingham, Brisbane, Caracas, Durban, Georgetown, Hilo, Hong Kong, Houston, Kuala Lumpur, Lagos, London, Los Angeles, Madrid, Manila, Mauritius, Mexico City, Miami, Milan, Montreal, Moscow, Murwillumbah, Navadwip, New Delhi, New York, Paris, Port of Spain, Rio de Janeiro, San Francisco, San Jose, Stuttgart, Suva, Toulouse, Vancouver, Vrindavan, Zurich.

It is the desire of Srila Gurudeva, Sri Srimad Bhaktivedanta Narayana Gosvami Maharaja, that the calculations for the individual time zones around the world be followed.

MAHA-DVADASI: There are eight special conditions when a dvadasi lunar tithi becomes a Maha-dvadasi. In such cases, fasting is observed on the Maha-dvadasi and not the ekadasi. A Maha-dvadasi may be in effect for one location and not

another. A regular dvadasi can also become a fast day for an ekadasi under certain conditions. Please pay attention to the fasting instructions for each location which are listed under the location name.

SPECIAL FESTIVAL DAYS:

Gaudiya Vaisnavas observe the appearance days of Visnu-tattva incarnations of Lord Sri Krsna by fasting as on Ekadasi day: Sri Advaita Acarya, Sri Nityananda Prabhu, Sri Caitanya Mahaprabhu, Sri Ramacandra, Sri Nrsimhadeva, Sri Balarama, and Sri Krsna. For the festival days of Lord Varahadeva and Lord Vamanadeva, which fall on a dvadasi tithi, fasting is done on dvadasi when it becomes a maha-dvadasi; otherwise, fasting is observed on Ekadasi.

For more details about the different festivals and appearance and disappearance days, for information about the various programs and festivities in your local area and around the world, and for viewing transcendental art and lectures online, please visit our website: **www.purebhakti.com**.

RULES FOR OBSERVING EKADASI FAST AND BREAK FAST

If you have observed a complete fast (you have not taken even water) on Ekadasi day, you need not break the fast on the following day with grains. You can break it with caranamrita (Krsna's foot-bathing water) or fruit at the times mentioned herein. But if on Ekadasi you took fruits, vegetables, etc., then it is necessary to break fast with grains on next morning. Maha-dvadasi is observed like Ekadasi.

EKADASI

The essence of Ekadasi is to spend as much time as possible hearing, chanting, and remembering Sri Sri Radha-Krsna. Therefore, on that day, it is recommended that one eat simply, only once or twice. - Oils made from grains (e.g. corn oil, mustard oil, soybean oil, sesame oil, and general vegetable oil) and products fried in these oils (e.g. fried nuts, potato chips, and other fried snack foods).

ECLIPSES

Eclipses are considered inauspicious. To counteract inauspicious effects, and to create auspiciousness, during an eclipse one avoids sleeping, eating, drinking, bathing, or using the bathroom. It is recommended to stay indoors, not to look at the eclipse, and to constantly chant Harinama.

Eclipses will be listed for your location. It is possible that an eclipse may not be visible, or it may be only partially visible from your location. To check eclipse visibility maps, see the Nasa Eclipse website at <http://eclipse.gsfc.nasa.gov>. If an eclipse is not visible in your location, it is not necessary to observe it. However, it is still considered an inauspicious time. Although you may find eclipse viewing instructions at the above website, Gaudiya Vaisnavas do not recommend viewing eclipses.

There are three types of eclipses: total, partial, and penumbral. The detailed times for the different stages of each eclipse can be found at
